

“We can’t wait for The Black Pebble to start building the beautiful detached Confederation log bungalows. Buying a fractional ownership cottage allows us to go up North four times a year, giving us something to look forward to in each season especially now that we have chosen to enjoy two weeks at a time, it gives us a nice stretch to relax.

When we drive up North, I get so excited the I feel tingles up my spine when we see the first lakes because it tells me... “We’re almost there”! What we like about fractional ownership is that when you open the door, it is so inviting and warm. At that moment, the holidays begins! Then, when it comes times to leave the cleaning staff takes care of everything.

Over the last seven years we have vacationed in Dwight, and it has become a home away from home. The swimming, canoeing and hikes in Algonquin Park are so memorable for us each and every time we visit. We know we are going to enjoy a healthy lifestyle at The Black Pebble for a long time.”
